

MINUTES OF NORTH LAWRENCE FISH & GAME SENIOR CLUB

MAY 1, 2025

To an almost full room the monthly May 1, 2025, the meeting was opened by President Jeff Barnhart. After the Pledge of Allegiance a prayer was offered by Chaplain Gary Kreider remembering our country, the clubs' members, officers and those members who have passed on or are ill.

A short talk was given on Martini-Henry rifles that were discovered after 150 years in a Nepal warehouse. These guns will soon be released into the collecting market. There followed a talk and discussion on fire hazards using and storing lithium batteries and their potential for starting fires.

June 8th is our annual Youth Day. To make this event a success we must have volunteers. This event is one of the club's community highlights, so check in and become a part of it. There is a place for you!

Show and Tell was shotguns. There were many displayed and much conversation on them. Next month's Show and Tell will be on fishing and water sports equipment.

We would like to thank those volunteers who have spent many hours and much labor on the trap range and scheduling upcoming events. Remember the sale of logo coffee cups and hats and challenge coins and to schedule your time to volunteer and to attend meetings. Next meeting is Thursday, June 5, 2025.

Minutes by Recording Secretary, Garland Parsons
